GCSE History Revision Guide

**Chronology**
- You will need to have a comprehensive understanding of the order of events studied.
- Start your revision by creating **four timelines**:
  - Medicine through time, 1000AD-present day
  - Elizabethan England, 1568-1603
  - Inter-War Years, 1918-39
  - Germany, 1890-1945
- **Narrative accounts**, where you write out what happened as a story, will also help you to understand the links between events and ideas.

**Content**
- The GCSE exam rewards **developed explanations** more than anything else. You will need to have detailed historical evidence in your head in order to support your points.
- **Flashcards** are a good way of testing and re-testing your understanding.
- **Online quizzes** are a great way of testing your knowledge - you can find lots of Hayesfield History quizlet page, on GCSE Pod, SAM Learning, GCSE History PiXL app, BBC Bitesize, Kahoot and others.
- Our department **Big Quizzes** contain questions on everything you need to know for each topic - if you can answer all of these, then you will do very well.

**Skills**
- You will need to be familiar with the exam questions and have practiced these over and over again.
- **Past papers** are available on the Q: Drive and in U9.
- You have been given a guidance booklet for how to answer each question, it also has a number of practice questions for you to try.
- Remember that you should have an answer in your head for the **Medicine factors question** and the **Elizabeth case study question**.

Remember – all these resources are available on the Q: Drive and printed out in the GCSE Revision corner in U9 – make sure you use them!
