How to revise: GCSE Computer Science

- Use and update your PLCs to identify each topic area and what you need to know about them. This will also help you identify any areas you are weak on.
- Complete the topic quizzes and questions on Moodle, which will give you feedback.
- Get parents, friends and family to test you.
- Do exam questions under timed conditions for each topic.
- Use the cue cards and the learning mats (in the recently supplied booklet) to dip in and out of different topics.

Resources available to you

- **Lunchtime Support Sessions** in BIT1 – Please discuss suitable times with Mr Cottle.
- **Byte Club on a Wednesday during LEAP** – Use this time with Computer Teacher expertise to work on your revision and exam questions.
- Your **GCSE Textbook** and student workbook.
- Use your PLCs on the **T Drive**, ensuring these are updated.
- Use **Past papers** to practice questions which are available on the T Drive.
- Use **www.mrcottle.co.uk** for links to revision materials and resources.
- Links from mrcottle.co.uk to Videos covering each topic area.
- **Email** a.cottle@hayesfield.com if you need help or further support.

“Computers are going to be a big part of our future...and that future is yours to shape.”

— President Barack Obama
